

Important Information

Demolition Derby Rules and Regulations Review

Background

Demolition Derby Competitions are a high-risk event. The current <u>Demolition Derby Rules and Regulations</u> are available on the AgShows NSW website.

Insurance

Demolition Derby is a Category D Accepted Activity for Insurance purposes as per the <u>Activities</u> <u>List 2024-2025</u> posted on the AgShows NSW Website. Category D competitions can be run and covered by insurance under the following conditions:

- 1. Subject to Peak Body Rules and Regulations
- 2. INSURER APPROVED Rules and Regulations
- 3. The Event is insured by a Third Party

Since there is **no Peak Body** overseeing Demolition Derby, Show Societies must use **Insurer Approved Rules and Regulations** for these events.

If an external group of Demolition Derby enthusiasts proposes to organise the Demolition Derby on behalf of your Show Society, they must strictly adhere to the **Insurer Approved Rules and Regulations**. Failure to comply with these guidelines may void the insurer's obligations in the event of an incident.

Third Party

- Insurer Approved Rules and Regulations must be followed unless the event is organised by a **Third Party**.
- If a **Third Party** manages the competition, they must provide:
 - o Their own Insurance Certificate of Currency
 - o A Risk Management Plan
 - o An Arena Layout Diagram
 - A Written Agreement with the Show Society

Going Forward

The **AgShows NSW Demolition Derby Rules and Regulations** were last reviewed in February 2019 and rebranded in September 2022. Given the evolving nature of these events, a review was initiated in **October 2024** to ensure the guidelines remain relevant.

A survey was sent to all Member Societies, interest groups, and competition specialists to support consultation and potential rule revisions. This survey closes on **15 November 2024**.

Implementation Timeline

- Initial Review and Feedback Period: Expected to conclude by early 2025
- Revised Rules Launch: Planned for 1 July 2025
- 12-Month Assessment: To evaluate revised rules by July 2026
