**ALL** users of Showgrounds are required to be covered by Public Liability Insurance to the value of \$20 million. It is your responsibility to make sure those using your grounds are fully insured and covered.

Below please list **ALL** space holders, and collect the appropriate amount from those who do not have \$20 million in Public Liability Insurance.

Note: Owners of mechanical devices such as rides cannot be covered by the ASC’s insurance policy. These owners must arrange their own Public Liability Insurance cover to the value of \$20 million. Local business owners have their own Public Liability Insurance which can be endorsed to cover their attendance at Shows and we recommend the Show enforces this.
